LEASE OF VAN REQUIREMENTS:

Vehicle Specifications

- The vehicle must be a 2026 model, configured as a 15-passenger van.
- The vehicle must be reliable, road-safe, and compliant with all applicable U.S. safety standards.
- The vehicle must include a spacious baggage compartment suitable for group travel and transport needs.

Maintenance & Support

- The leasing company must provide a maintenance plan, covering routine servicing, safety inspections, and necessary repairs.
- The leasing company must extend assistance with vehicle registration through the Office of Foreign Missions (OFM), including required documentation and coordination.

Lease Terms

- The leasing company must have demonstrated experience working with diplomatic entities and must waive all credit-history requirements.
- The lease agreement must not exceed two (2) years in duration.

Delivery & Availability

- The vehicle must be available for pickup at a local dealership in San Francisco, ensuring convenient access upon the availability of the vehicle.
